

Adrenaline Auto-Injector (AAI) Requisition Request

From 1st October 2017 The Human Medicines Regulations will allow schools to keep spare Adrenaline Auto-Injectors (AAIs) for use in emergency.

A supplier will need a request signed by the School Doctor, the Principle or Head Teacher and showing:

- The name of the School or College
- The purpose for which the product is required
- The total quantity

Please complete the following

School or College Name:.....

Address:

.....

.....

.....

Please tick the item you would like to order and indicate the quantity

	Quantity
<input type="checkbox"/> EIPA150 - Epipen AAI Jnr 150mcg
<input type="checkbox"/> EPIA300 - Epipen AAI 300mcg
<input type="checkbox"/> JEX150 - Jext AAI 150mcg

Name:

Position in School:

Date:

*AAI's are available in different doses and devices. Schools may wish to purchase the brand most commonly prescribed to it's pupils (to reduce confusion and assist with training). Guidance from the Department of Health to schools recommends:

For children aged under 6 years:	For children aged 6-12 years:	For teenagers age 12+ years:
Epipen Junior (0.15mg) or Emerade 150 microgram or Jext 150 microgram	Epipen (0.3milligrams) or Emerade 300 microgram or Jext 300 microgram	Epipen (0.3milligrams) or Emerade 300 microgram or Emerade 500 microgram or Jext 300 microgram
